

Living my life (Vivir mi vida)

CHORUS

I'm going to laugh, I'm going to dance

Living my life, la la la la

I'm going to laugh, I'm going to enjoy

Living my life, la la la la

Sometimes the rain comes

To wash away the wounds

Sometimes it takes only a drop

To vanquish the drought

And what use is crying, what for?

If sorrow hurts, it is forgotten

And what use is suffering, what for?

If life is like that, it has to be lived

la la le

I have to live the moment

To understand fate

I'm going to listen in silence

To find my way

And when the end comes

I want to look back fearlessly

With nothing to regret

I'm going to laugh, enjoy my life la la la

la

Look around you (Mira Hacia Tu Alrededor)

Look around you
Look at the rivers, the sky and the
flower.

Look around you
Feel the beat of your heart.

When the rain keeps you from seeing
and the roads go nowhere.

When you feel you're going under I
will be your hand, I will be your voice.
Count on me, know that I'll be there.

Until that day when the sun comes out
I will be your shelter, I will be warmth.
Count on me, know that I'll be there.

Look around you
Look at the rivers, the sky and the
flower.

Look around you
Feel the beat of your heart.
Feel the beat of my heart
Feel the beat of your heart

And when you feel that nothing's left,
That there's no strength left even for
dreaming

The stars will always shine
Nothing that is wrong can last forever
Count on me, know that I'll be there.

You will shine (Brillarás)

In so much darkness
The light you carry inside is needed
You are someone special
Wherever you go, you light up the place

In your heart lives a dream
That rises to the heavens
Question it no more, live the moment

This is your opportunity

CHORUS

You will shine, you will shine
Wherever you are, you will shine

I believe (Yo Creo)

Oh oh oh oh..

Oh oh oh oh..

Where are you going to
go? without a reason, hide
no more
and hold tight to me
be calm, your drama
ends today
have faith
that the answer will come
over your cry listen to your soul
and I will join you
together let me take you

I believe in you, I believe in me

I believe in you, I believe and I can

I believe in God and love

uh uh

oh oh oh oh...

oh oh oh oh...

Your faith was shattered

your cry has been heard

I know it had a price

for you to come this far

Start over (Empezar de nuevo)

You have to reach your dream

Don't play down your life

It doesn't matter what the world says

Because there is no dead end

Your life has never been a game

Waste your time no more

Leave your past behind

You can begin again

Bravely

You will be able to vanquish the fear

There's nothing, there's nobody who can

stop you

Within you lies something very special

Take the step and your world will

change

Cherish, cherish who you are

I am the light that shines

I am a ray of joy

I am the light

That this world will change

I am the light that shines

I am a ray of joy

I am the light

That will shine forever

I am happy (Soy Feliz)

No more complaining now
life is short with joy take up
the challenge of all that matters to you
most.

Knowing how to be happy,
let it be happy...

There would be no sadness no
pessimism, there would be smiles.

Dance in the streets, say beautiful things.
Shout to the world, I am happy!

I am happy, I am happy...

Come on, life is a PARTY!!

I am happy, I am happy...

Come on, life is a PARTY!!

Celebrate Life (Celebra la Vida)

I don't know if I was dreaming
I don't know if I was asleep
And the voice of an angel
Told me to tell you celebrate life.

Think freely, help others,
and for all that you desire
struggle and be patient.

Go lightly cling to nothing
because in this world
nothing lasts forever.

Search for your star
and let it guide you,
hurt no one and spread the joy.

Celebrate life, celebrate life
hold nothing back

May all be provided you

Celebrate life, celebrate life,
from second to second and every day.

And if someone deceives you
when they say "I love you",
bounce right back
and begin again.

Don't let your dreams
crash to the ground
because the more that you love
the closer are the heavens.

Shout out against hatred,
against the lies,
shout that war is death,
and that peace is life.

Celebrate life, celebrate life
hold nothing back,
May all be provided you.

Celebrate life, celebrate life,
from second to second
Celebrate life, celebrate life.

I will shine (Brillaré)

I'm thinking of pumping up the volume
Of all the dreams I have in me
And so I will passionately come to
understand
The purpose of my being

If something happens vertically
It should be seen horizontally
All I want is to shine

CHORUS
I will shine because I will find you
I will wait no more, I want to give you
all of me
I will shine because you live in me
And I want to be that way, giving of my
life

All that I can (Todo lo Puedo)

I am going to begin unwaveringly and
resolute
I am going to win because you are with
me
My faith will grow simply by dreaming
I am going to win all that I can
OH OH OH

Together you and me
With each heartbeat
I live gratefully
I will shout that I can
Conquer my dreams

There are no dead ends (No hay camino sin salida)

Awake! Do not forget
that time is running.
Discover the secret that
life offers you.
With wings on the wind

You will go further, further.
It's a new day for your heartbeat.
It's time to move on.
Discover your destiny;
and never look back.

With your wings of wind
you will go further and further.
If you think that life
can sometimes hurt you,
wake up, you can, trust
There are no dead ends!
Be brave, run the risk

You can always win.
There are no obstacles in your dreams
that you cannot overcome.
With wings of wind you
will go further and further.

It is you (Eres Tú)

Like a promise
It is you, it is you
Like a summer morning
Like a smile It
is you, it is you
It's true, it's true, it is you.
Like hope itself
It is you, it is you
Like cool rain in my hands
Like a strong breeze
It is you, it is you

It's true, it's true, it is you.
It is you,
Like the water of my fountain,
It is you, the fire of my heart.
Like my poem
It is you, it is you
Like a guitar at night
Like my horizon It
is you, it is you
It's true, it's true, it is you.
